—The Ladies Aid Society of the M. E. church will give a coffee at the home of Mrs. H. C. Cook on Friday next, November 24, from 2 to 6 p. m.

—Now is the time to paint your barn. The Citizens' Drug Co., handles the Pitkin's Barn Paint, guaranteed for five years. The best paint on the market.

—T. P. Fitzmaurice will soon be comfortably fixed in his handsome new home which he expects to be completed in about three weeks. He lost his residence by fire August 28th.

—Cyrus Rayhill, a cousin of Charles B. Rayhill, of this city, died at his home in Pana, Ills., November 18, 1905. He will be well remembered here, having visited here on different occasions.

—The Woman's Union will have a sale of good things to eat, at C. W. King's store on Wednesday, November 23, the day before Thanksgiving. There will be pies, cakes, rolls, bread, chickens, veal loaf and everything that will go to make a good dinner.

—Anthrax fever, more frequently called splenic apoplexy, carbuncle and broxy, has been discovered on one of the J. S. Bilby ranches, near Burlington Junction, and a dozen head of cattle belonging to Mr. Bilby have already died from the disease.

—A Lucky Purchase of Ladies' Black Patent Leather Belts, enables me to offer to you a 25c belt for the extremely low price of 13c each. They are the new shape, cut to fit, stitched center, black buckles. It will pay you to see this line. C. W. KING.

—There will be union Thanksgiving services at the Methodist church on Thursday, November 30, Rev. J. T. McFarland will preach the sermon. The collection will be for the Bible course. It is to be hoped that the citizens will make it a point to be present. All are cordially invited.

—The Falls City Basket ball team came over to contest with our High school team on Thursday of last week, but owing to the extreme inclemency of the weather, were unable to play. They were a fine looking lot of girls, and our people regretted the weather clerk acted so unbecomingly, and we can only hope, it will not be so the next time.

—There was a fine game of foot ball played Oregon, on November 20th, between Oregon and St. Joseph teams. St. Joseph was represented by the heavy weights, Prof. Coburn, Jr., and Glen Raley; Oregon by Robert York and Ross McFarland, Oregon swept the field. All present claim it was played in humane fashion—no legs broken and all were happy.

—The experienced smoker appreciates an honest cigar—one that gives to him both flavor and taste that is pleasant. If he will but try the Tuck Cigar, he will find it embodies every quality appreciated by the smoker who smokes because of the pleasure and comfort it brings to him; and this is the kind of smoker to whom we submit the qualities of the Tuck Cigar at Phillip's Drug Store.

—Wesley Rostock, of Oregon, came up last week to witness the driving contest. He drove up with a dandy span of young horses which he has been driving but a few months. Mr. Rostock was of the opinion that they were not sufficiently trained to enter the pole team contest, but he gave the spectators an opportunity to admire his fine steppers. He returned Saturday, accompanied by his sister, Mrs. J. P. Potter, who will remain throughout the week. —Mound City News.

—The foot ball team of the Platt Commercial College of St. Joseph came up and tackled the Oregon High school team on Saturday last, and played the game in a heavy rain. The home team proved too heavy for the visitors, and went home to tell their mamma that they did not get a single score, while the "country jakes" had 24 points to their credit. They were a gentlemanly set of young men, and we regret that Hibbard, Platt's left tackle sustained a sprained leg. On Thursday the High School school team played a "pickup" of business and professional men of our city, and again the High School boys won by a score of 36 to 0. Sheriff Williams sustained a fracture of the zielebula, a small bone on the outer side of the left limb about 2½ inches above the ankle. Dr. Proud who was looking at the game was called to his assistance and rendered immediate attention, and he was removed to his home, where he is getting along nicely—but, he will retire from the gridiron for this year.

—Fred M. Noland and Barbara E. Beam, of Forest City, were married at the home of Irvin Oxley, near Forest City, on the 22d inst., by Elder Gillman Walden, of the Holiness church.

—Under an order of the probate court, Public Administrator Walker, on Wednesday of last week, sold the residence property of J. S. Roberts, now deceased, to Dick Plummer for \$200.

—Joseph Wase came back from Liberty, Mo., one day last week, where he went to visit his brother, Nip. Nip, as he is commonly called, jumped from a burning building at night a few weeks ago and broke his ankle and crushed the bones in the heel. The injury seems to be giving him an extra amount of pain. While it is yet in a bad condition, it is not serious. —Craig Leader.

—Quite a bunch of our citizens went to the town lot drawing at Marshall, Okla., last Tuesday. Just what luck came to them we have not yet learned. Those who went from here were: George Seeman, M. R. Martin, Sam Schulte, Sid Russell, Charley Patterson, Will Patterson, Andy Burrier, Lin Carroll, Oscar Becker and Martin Siekmann. Seeman and Schulte will go to Anadarko, and visit with Albert Kunkel and family, and Mr. Seeman will return by the way of South Haven, Kas., where he will visit with relatives.

When You Are a Boy Again.

Right over there, where all those big trees are growing, used to be a pond. Brodbeck's pond, it was; and it was the only skating place for miles around. The rains have washed in the dirt until it is good land now, and those trees merely showed how long ago it was that you skated there. You never got credit for it, but you and the rest of 'em cleared all the brush in the timber building fires on the banks of that pond in the winter time. Let's see, there was you, and Minnie, and Bonnie, and Em, and Ina, and May, and Code, and Kittie, and Cora, and Joe, and Zeke, and Lin, and Grant, and Fred, and Clara—O, the list is too long. But you used to walk a mile and a half to that pond and skate until Jake Foster's hack on the way back from the 11:17 train warned you that you would have to hustle if you got home before midnight. There wasn't any danger skating on that pond, because it would be frozen to the bottom when the ice was three or four inches thick. It was different after you got to skating on Kunkel's pond. That was a mill pond, and it was awful deep. The water was cold, too. Most of you learned that by experience, for you would try the ice early in the winter and late, too.—Will M. Maupin, in the Commoner.

Help the Good Work.

Pursuant to the call in THE HOLT COUNTY SENTINEL, the Citizens met at the Court House, Saturday, Nov. 11th, 1905. The committee reported that grounds for a fair could be had of Chas. Meyer, near town, and that a good track could be made on same. It was decided to make the capital stock \$3,000, divided into 120 shares at \$25.00 per share, and the chair appointed the following committee to solicit stock for same, to wit: Chas. Cowan, M. D. Walker, J. E. Cummins, Chas. Meyer, Chas. Kook, Jacob Bucher, Mathew Gelvin and John E. Taylor, and report on the first Saturday of December, 1905, at the Court House at 7 o'clock p. m.

J. E. CUMMINS, R. C. BRISTON,

—Leta Russell, of Mound City, visited with friends in Oregon, last week, and took in the flower show.

—Kennedy & Ford finished this week barreling their apples on their 70 acre orchard five miles west of town. While the crop was not as large as usual, the price received for the crop was as good, if not a little better, than last year. They sold 1,425 barrels in all, divided as follows: Jonathans, 180 barrels; Missouri Pippin, 209 barrels; Ben Davis, 1,026 barrels. For 1,401 barrels they received \$1.50 per barrel, and for 24 barrels they received \$2.25, making a total sum of \$2,225.50.—Parnell Sentinel.

—Perhaps the corn breeders have not yet learned to recognize all the vital points of a good ear of corn, says Prof. Willard, of the Kansas Experiment Station, but some of the characteristics which indicate good quality and a high yield in corn are known. "The ear should be of good size, symmetrical in form, with straight rows, of long, well denting, medium, wedge-shaped kernels. A cylindrical ear allows for more kernels on a cob and a more uniform length in kernel. The tips should be well filled, and at the butts of the ears the kernels should swell out about the shank."
